

# We enable entertainment excellence.

Engineers choose CGI technology because of absolute reliability, precision, customization and quality.

## Advanced Products for Robotics and Automation

CGI Motion enables design excellence across a wide range of entertainment applications. We deliver electromechanical sub-assembly solutions that range from advanced digital lighting to high precision camera systems. We are your design and manufacturing partner helping to differentiate your product, machine or innovation. Our team of problem solving engineers and product managers can bring your application to market on time and under budget. Whether it's an improvement on a current design or groundbreaking new designs, CGI has the know-how and team to enable design excellence for your entertainment application. Connect with us today to explore what CGI Motion can do for you.
