

We enable **packaging** excellence.

CGI Predator and Raptor Gearheads: High torsional stiffness, fully sealed IP65 protection, low backlash, advanced materials and high radial / axial load capacity.

Advanced Products for Robotics and Automation

CGI Motion enables packaging excellence across a wide range of industrial applications. We thrive on customer driven innovation in delivering solutions ranging from best-in-class gearheads to complete custom motion assemblies. We are your design and manufacturing partner helping to differentiate your product, machine or innovation. Our team of problem solving engineers and product managers can bring your application to market on time and under budget. Whether it's an improvement on a current design or groundbreaking new designs, CGI has the know-how and team to enable design excellence. Connect with us today to explore what CGI Motion can do for you.
